

|| Tokyo Office

The Tokyo Office handles the following:

1. External affairs involving government agencies, education-related organizations, etc.
2. Collection of corporate and employment information, surveys on employment trends, introduction of graduates to prospective employers, and employment consulting and assistance, based on visits to employers in the Tokyo region.
3. Hosting alumni reunions and networking in the Tokyo metropolitan region, primarily through the Yushinkai Fukuoka University alumni public corporation.

|| Harbin Branch Office, China

This office was established in August 2009 as the University's first overseas branch. To increase recognition of Fukuoka University in northeastern China, which is home to so many of our foreign students, the office is engaged in a range of promotional activities in the city and surrounding regions. By helping to forge new inter-university exchange agreements and ensure a stable supply of high-level foreign students, as well as promoting personal exchange and cooperation in education and research, the office continues to advance the University's international performance.
